The schedule was played in two portions over two calendar years. The 2015 portion was played in October and November of 2015 while the 2016 portion began in February and concluded in September. This year marks the 30th anniversary of the first FIVB beach volleyball event held February 17-22, 1987 in Rio de Janeiro, Brazil. The gold medal was won by USA's Sinjin Smith/Randy Stoklos. The men's World Tour began in 1989, the women's in 1992. Smith/Stoklos were the champions of the inaugural season in 1989-90.

FIVB U23 BEACH VOLLEYBALL WORLD CHAMPIONSHIPS

Following a memorable debut event in 2013, Myslowice, Poland was again the site of the FIVB Beach Volleyball U23 World Championships in 2014. As the FIVB now has an unprecedented four age-group World Championships for beach volleyball, Poland and Australia claimed the 2014 men and women's gold medals.

Including the 2014 FIVB U23 World Championships, Myslowice has hosted a total of 12 FIVB Beach Volleyball international events. Myslowice has been the site of three men's FIVB World Tour Open events, two women's FIVB Tour Open events as well as four double-gender age-group World Championships (U21 in 2006, U19 in 2007 and U23 in 2013 and 2014).

Long the spawning sand of FIVB Beach Volleyball stars of the future, the 2014 FIVB U23 World Championships in Myslowice saw Poland's talented host-country young guns Maciej Kosiak/Maciej Rudol win their first FIVB age-group World Championship. The 2014 men's silver medal in Myslowice went to Norway's Lars Tvinde/Hendrik Mol and winning the bronze medal was Brazil's Allison Cittadin/Gustavo Carvalhaes.

On the women's side in 2014 in Myslowice, winning the gold medal of the FIVB U23 World Championships was Australia's Nicole Laird/Mariafe Artacho who defeated USA's Lara Dykstra/Jace Pardon in three sets. For the second straight year, the women's bronze medal was won by Canada's Melissa Humana-Parades/Taylor Pischke. The Canadian duo also played enough on the 2014 FIVB World Tour that Humana-Parades was voted as the 2014 women's FIVB Rookie of the Year.

The age-group FIVB World Championships have historically seen many of the young stars of today building their experience level to advance up the ladder in international competition.

FIVB BEACH VOLLEYBALL U21 WORLD CHAMPIONSHIPS

Nanjing, China returns to the world stage of Fédération Internationale de Volleyball (FIVB) beach volleyball again this year when it hosts the FIVB U21 Beach Volleyball World Championships. The 16th double-gender age group event will be held July 11-16 in Lucerne as the FIVB produces four age-group world championships for beach volleyball.

While China has hosted numerous FIVB World Tour events, the first international event in Nanjing was the 2014 Youth Olympics. Winning the men's gold medal in the U-19 event Russia's Oleg Stayanovskiy/Artem Yarzutkin and winning the women's gold medal was Brazil's Eduarda Lisboa/Ana Patricia Silva.

Long the developing sand of FIVB Beach Volleyball next gen stars, the last FIVB U21 World Championships were held in 2016 in Lucerne, Switzerland.

In the first 15 years of the FIVB U21 Beach Volleyball World Championships, Brazil has garnered the most final four placements, most medals and most gold medals in both genders. In U21 men's competition, Brazil has 11 final four placements and 10 total medals including five gold medals. Other countries with men's gold medals have been Poland with three, Italy and Spain with two each and with one each have been Canada, Latvia and the Ukraine.

In the first 15 years of the U21 women's championships, Brazil has been even more dominant with 12 final four placements and 11 total medals including seven gold medals. Other countries with women's gold medals have been Poland and Switzerland with two each and with one each have been Canada, the Netherlands, Russia and the United States.

2016

Winning the men's 2016 FIVB U21 World Championships in 2016 in Lucerne Switzerland was Brazil's George Wanderley/Arthur Mariano while the women's 2016 FIVB U21 World Championships gold medal was won by Brazil's Eduarda Lisboa/Ana Patricia Silva.

2014

Winning the men's FIVB U21 World Championships in 2014 in Larnaka was Poland's Michal Bryl/Kacper Kujawiak while the women's FIVB U21 World Championships gold medal was won by Canada's Sophie Bukovec/Tia Mirac.

2013

Brazil and Poland were celebrating in Umag, Croatia as Gustavo Carvalhaes and Allison Cittadin beat Canada's Grant O'Gorman and Aaron Nusbaum in the men's tournament while Katarzyna Kociolek and Jagoda Gruszczynska took the gold in straight sets against Germany's Anika Krebs and Jelena Wlk in the women's

2012

In 2012 in Halifax, Poland's Piotr Kantor/Bartosz Losiak moved up the podium to capture the gold medal after winning the silver medal in 2011. For the women, Switzerland's Nina Betschart came back with new partner Anna Vergé-Dépré to win the gold medal again in the women's competition.

2011

In 2011, Ukraine's Sergiy Popov/Valeriy Samoday became only the second team in FIVB history to win both age-group World Championships as they also won the youth title in 2009 in Alanya, Turkey. On the women's competition, Switzerland's Nina Betschart/Joana Heidrich surprised the field to give their country its first gold medal in the event.

2010

The 2010 Alanya event marked the first-time that a player won two Beach Volleyball World Championships in the same season as USA's Summer Ross teamed with Tara Roenicke to capture Junior title in mid-September after the 17-year-old American had captured the FIVB world title for players under the age of 19 at the end of July in Portugal by topping the podium with Jane Croson in Porto. With Ross' two gold medal finishes, the United States joins Brazil in winning all three women's World Championship titles – senior, junior and youth. Brazil is the only country to win all three men's World Championships.

2009

In 2009 at Blackpool, England, Poland became the second country to sweep the gold medals at a single U21 World Championship. The Polish pairs of Michal Kadziola/Jakub Szalankiewicz and Monika Brzostek/Kinga Kolosinska topped the podium by defeating men and women teams from Brazil and the Netherlands, respectively, for the gold medals. Brazil swept the gold medals at the 2001 and 2006 FIVB U21 World Championships. It was the second World Championship gold medal for Kadziola and Szalankiewicz as the Polish tandem won the U19 crown in 2007 at Myslowice, Poland. Brzostek placed third at the 2008 junior worlds at Brighton with Karolina Sowala.

2003-2008

Russian Alexandra Shiryayeva, who competed in Beijing 2008 Olympic Games, captured the gold medal at the 2003 women's U21 World Championships with Anna Morozova. The Schwaiger sisters (Doris and Stefanie), who placed fifth at the Beijing Summer Games for Austria, claimed the bronze medal at the 2005 U21 championships.

Francesco Giontella and Paolo Nicolai of Italy won back-to-back U21 titles in 2007 (Modena) and 2008 (Brighton). At the 2006 U19 in Bermuda, Giontella and Nicolai claimed the silver medal with compatriots Matteo and Paolo Ingrosso placing third for Italy. The Ingrossos captured the 2008 U21 bronze medal.

Marleen van Iersel realized her gold medal aspirations at a FIVB U21 World Championship event as she teamed with Dutch partner Daniëlle Remmers to capture the 2008 U21 title for women. Van Iersel was playing in her ninth FIVB U21/U19 world finale since first competing internationally for the first time in 2003. A bronze medal winner at the previous two worlds for players under the age of 21 with Marloes Wesselink, van Iersel was teaming with Remmers on a FIVB podium for the second time as the pair was second at the 2006 U19s in Bermuda. Remmers also placed second in 2009 at the U21s with Michelle Stiekema, who was also second in 2008 with Sophie Van Gestel.

The age-group FIVB World Championships have historically seen many of the young stars of today building their experience level to advance up the ladder in international competition. The next age-group FIVB World Championships will all be held again in 2016 at venues still to be determined.

The format of all the FIVB Beach Volleyball international tournaments – whether pro or age-group FIVB Beach Volleyball World Championships, FIVB Beach Volleyball Grand Slam or FIVB Beach Volleyball Open – are the same, featuring pool play followed by single elimination knockout rounds.

+ FIVB BEACH VOLLEYBALL U19 WORLD CHAMPIONSHIPS HIGHLIGHTS

FIVB BEACH VOLLEYBALL U19 WORLD CHAMPIONSHIPS

Returning to Cyprus after a one year absence in 2016, Fédération Internationale de Volleyball (FIVB) beach volleyball included the FIVB U19 Beach Volleyball World Championships. The 15th ever double-gender U19 age group event was held in Larnaka as the FIVB produces four age-group world championships for beach volleyball.

The Cyprus Volleyball Federation has hosted several FIVB Challenger and Satellite events and this was the third FIVB international event held in Larnaka as the city presented the 2012 FIVB U19 World Championships, the 2014 FIVB U21 World Championships as well as the 2016 FIVB U19 World Championships.

Part of the massive international platform for the FIVB Beach Volleyball next gen stars, the FIVB Beach Volleyball U19 World Championships started in 2002 and has been held every year except 2014 and 2015 making it the second oldest of the four FIVB age-group events.

Winning the men's FIVB U19 World Championships in 2016 in Larnaka, Cyprus were Brazil's Renato Lima/Rafael Mendonca while the women's 2016 FIVB U19 World Championships gold medal was won by Brazil's Eduarda Lisboa/Victoria Lopes. It was the third straight time that 'Duda' Lisboa won the FIVB U19 World Championship.

In the first 14 years of the FIVB Beach Volleyball U19 World Championships – in U19 men's competition, Poland has 11 final four placements and nine total medals including four gold medals. Other countries with men's gold medals have been Germany with three, Brazil with three and with one each has been Estonia, Lithuania, Slovenia and the United States.

In the first 14 years of the U19 women's championships, Germany leads with 12 final four placements and 10 total medals including three gold medals. Other countries with women's gold medals have been Brazil with four, the Netherlands and Poland with two each and with one each have been Australia, Lithuania and the United States.

At the 2012 FIVB U19 World Championships in Larnaka, Poland's Michal Bryl/Kacper Kujawiak won the men's gold medal while winning the women's gold medal was Lithuania's Ieva Dumbauskaite/Monika Povilaityte. Poland's Bryl/Kujawiak defeated compatriots Lukasz Kaczmarek/Sebastian Kaczmarek in three sets. Lithuania's Dumbauskaite/Povilaityte won the first FIVB gold medal for their country by defeating Poland's 2011 FIVB U19 world champions Karolina Baran/Katarzyna Kociolek in two sets. Poland's Lukasz Kaczmarek/Macjey Kosiak won the 2011 FIVB U19 World Championship in men's action.

Now a regular team on the FIVB World Tour, the Polish team of Michal Kadziola and Jakub Szalankiewicz gave their country its lead on the men's medal list by capturing the 2007 U19 title. Estonia claimed its first junior/youth World Championship medal in 2008 as the men's team of Kristo Kollo and Oliver Venno claimed the title. Ukraine became the 10th country to win a youth World Championship gold medal as the men's team of Sergiy Popov and Valeriy Samoday topped the Alanya podium in 2009. Poland returned to the top of the podium again in 2010 in Porto, Portugal with the gold medal victory by Piotr Kantor/Bartosz Losiak.

After finishing fifth in Alanya in 2009, the United States tandem of Jane Croson/Summer Ross captured the gold medal in 2010 in Porto. It was the first women's medal for the USA in this event. Ross capped her successful summer of 2010 by becoming the first person to win both the FIVB U19 and U21 World Championships in the same year. In Alanya, Turkey, she won the gold medal with Tara Roenicke.

In 2008, Germany's Chantal Laboureur/Levke Spinger won the gold medal followed by Germany's Christine Aulenbrock/Victoria Bieneck's title in 2009. The Netherlands' Danielle Remmers and Michelle Stiekema claimed the 2007 title as the Dutch team of Sanne Keizer and Arjanne Stevens won the first-ever women's gold medal when the competition was for players under the age of 18. The age for the competition was changed in 2005 for players under the age of 19.

The age-group FIVB World Championships have historically seen many of the young stars of today building their experience level to advance up the ladder in international competition. The U19 World Championship will be held in Nanjing, China in 2018.

FIVB

Located in Lausanne, Switzerland, the Fédération Internationale de Volleyball (FIVB) is the international organization responsible for all forms of volleyball on a global level. Working closely with National Federations and private enterprises, the FIVB promotes volleyball competitions and development activities as entertainment and promotional factors for the enjoyment of spectators and participants while satisfying sponsors' needs. After 24 years heading the FIVB, President Dr. Rubén Acosta Hernández of Mexico was replaced by Jizhong Wei of China as the third President. Dr. Ary S. Graça F° of Brazil took over from Mr Wei following his election at the 2012 FIVB World Congress. President Graça's achievements and vision for the sport received unanimous backing as he was re-elected for a further eight years at the 2016 FIVB World Congress in Buenos Aires, Argentina.

FIVB MISSION

The FIVB governs, manages and communicates all forms of volleyball and beach volleyball worldwide. The organisation's vision is to become the world's number one family entertainment sport. It aims to develop volleyball as a major world media and entertainment sport through world class planning and organization of competitions, marketing and promotional activities. The FIVB is part of the Olympic Movement, contributing to the success of the Olympic Games.

FIVB TODAY

The FIVB, which began with a membership of 14 countries in April 1947, now has 222 member national federations. Partnering with up to 100 event organizers and TV broadcasters annually, the FIVB is the worldwide leader in innovative 'new generation' sports entertainment and awards over \$25-million in prize money every year.

THE FIVB STRUCTURE

As the FIVB's basic platform and comprising all affiliated National Federations, the World Congress is the supreme authority. Convened every two years, the Congress elects the President and members of the Board of Administration. The Board of Administration is responsible for the overall management of the FIVB, overseeing the work of the National Federations, confederations, commissions and councils and appoints officials, including members of the Executive Committee.

- The Board of Administration is composed of Executive Committee members who are charged with important and specific responsibilities and Board members, with the Executive Committee meeting between gatherings of the Board to ensure the regular functioning of the decision making process.
- The FIVB President is personally accountable before the Congress and the Board of Administration whose decisions he is responsible for executing and is supported by the Executive Committee members and the FIVB Secretariat.
- The National Federations are responsible for volleyball in their respective countries.
- The continental confederations, councils and commissions are supporting institutions of FIVB actions in their area and are accountable before the FIVB for the fulfilment of their duties in accordance with FIVB regulations and decisions.
- The FIVB Technical Officials represent the FIVB worldwide in its global operations. They supervise and participate in the organization of events, ensuring that event organizers deliver world class conditions to sponsors and participants.

THE FIVB

The seeds of the Fédération Internationale de Volleyball (FIVB) were sown at a meeting in the Graf Coffee House in Prague when the Polish, French and (then) Czechoslovak volleyball federations discussed declarations of support from the Italian, Yugoslav, Romanian and Belgian Federations suggesting an “autonomous volleyball commission”. Subsequently, the organisation of a first Constitutive Congress was entrusted to the President of the French Volleyball Federation, Paul Libaud, and it took place in Paris April 18-20, 1947 with the participation of 14 federations: the FIVB was born. Libaud was elected first President of the FIVB shortly afterwards and the headquarters were established in Paris, where they remained for the first 37 years until 1984. The first World Championships were organised in 1949 for men and in 1952 for women and have since remained the biggest event in volleyball. In 1957, the International Olympic Committee (IOC) included volleyball as a medal sport in the 1964 Olympic Games in Tokyo while beach volleyball made its Olympic debut at the 1996 Atlanta Games. A big turning point for the FIVB came in 1984 when President Libaud, by then in his late 70's and highly acclaimed for having founded the Federation and making it a significant reality on the world sports stage, resigned. Dr. Rubén Acosta Hernández was elected new President to succeed him at the World Congress in Long Beach, California. The FIVB moved its headquarters to Lausanne, Switzerland the same year bringing it closer to the IOC. Following the 2008 Olympic Games in Beijing, Jizhong Wei of China took the helm as the third FIVB President. The FIVB's current President, Dr. Ary S. Graça F° of Brazil, was elected to the role at the 2012 FIVB World Congress in Anaheim, California and was reelected at the 2016 FIVB World Congress in Buenos Aires, Argentina for a further eight year period.

BEACH VOLLEYBALL

Born in the depression days of the 1920s on the sandy beaches of Santa Monica, California, beach volleyball has become a multi million-dollar extravaganza and an Olympic sport that has captivated players in more than 90 countries. From those first matches, the game caught on 10 years later in France, Bulgaria, the Czech Republic and Latvia before slotting perfectly into the Californian lifestyle in the 1950s and the pulsating 1960s, taking its place alongside surfing. The United States and Brazil played a major role in transforming beach volleyball into a professional sport in the 1970s and 1980s, but it was the hard work of the FIVB President Dr. Rubén Acosta Hernández and beach volleyball stars such as Sinjin Smith, Karch Kiraly and Randy Stoklos that helped establish beach volleyball internationally in the 1980s and 1990s and become a full medal sport at the Atlanta 1996 Olympic Games. At the same time the FIVB Beach Volleyball International Circuit evolved from the World Series to the World Tour and exploded in popularity in Europe, Latin America and Asia. During the 2005-2008 Olympic cycle, the FIVB staged more than over 200 events encompassing Europe, Africa, Asia and the Americas with over \$31m in prize money.

FIVB BEACH VOLLEYBALL WORLD TOUR

From 1989 when the first international Beach Volleyball Tour called the World Series was unleashed in Rio de Janeiro, the circuit has undergone two name changes and a makeover to become a series of “dynamic” global sporting events each year. From the beginning in 1989 of three legs of men’s competition in Brazil, Italy and Japan involving 40 athletes from seven countries, the international Beach Volleyball Tour introduced women’s play three years later before the worldwide circuit was revitalized and the World Championship Series was born in 1995. At that point legs and prize money stood at 17 and \$2.4m, respectively, thus prompting the transformation into the now famous World Tour. The number of World Tour Grand Slam and Open events, gradually increased through the years as more countries sought a place on the beach volleyball international calendar. The year 2015 saw the introduction of the Swatch FIVB Major Series, culminating with the Swatch FIVB Beach Volleyball Season Final in Fort Lauderdale, USA. Announced in June 2016 for the FIVB World Tour between 2017 and 2020, all events on the international circuit will be assigned a star rating between one and five. The “star structure” is one of the many steps taken by the FIVB, under the leadership of President Dr. Ary S. Graça Fº, to modernize and streamline its competitions.

OLYMPIC BEACH VOLLEYBALL

The FIVB Beach Volleyball World Tour during the 1992 and 1993 season was, in a way, the beginning of the sports’ Olympic era. After the 1992 Barcelona Games, a beach volleyball event was played in Almería, Spain, as post-Olympic demonstration sport. In addition to being the first-ever women’s international event, the tournament was the first step in getting the sport into the Olympics. The United States won both men’s (Sinjin Smith/Randy Stoklos) and women’s (Karolyn Kirby/Nancy Reno) titles. In February 1993, International Olympic Committee (IOC) President Juan Antonio Samaranch, along with Atlanta Committee Olympic Games President Billy Payne and other IOC members attended the FIVB Beach Volleyball Finals in Rio de Janeiro. There they saw the excitement that the sport could generate as over 140,000 fans jammed the stadium for the one-week tournament. As a result, the most important event in the history of beach volleyball occurred on September 24, 1993. On that day, at the 101st IOC session in Monte Carlo, the sport of beach volleyball was admitted as a medal discipline for the 1996 Summer Olympics in Atlanta, Georgia. The sport had reached its Olympic era.

Fédération Internationale de Volleyball (FIVB): Yes

Why does the FIVB require the women to play in bikinis?

FIVB: It does not. The women have the option of playing in a one or two-piece playing uniform. In 1989, they played in a one piece uniform. Starting in 2012, the women have the option of wearing shorts and a t-shirt, per specifications.

FIVB: Yes, 2.43 metres for men and 2.24 metres for women.

Why isn't mixed beach volleyball played?

Do all beach volleyball players come from volleyball?

BEACH VOLLEYBALL RULES

Unlike volleyball with two teams of six players, beach volleyball is played by two players. The two teams of two players each must score points by placing the ball over (without touching) the net and into the opponent's court. The ball can touch any part of the body and each team has three alternate hits between the two players to return the ball. Other rules are:

- The match is won by the team that wins two sets.
- A set is won by the team that scores 21 points first with a minimum margin of two (except in the deciding third set). In the case of a 20-20 tie, play is continued until a two-point lead is reached. In the case of the sets being tied 1-1, the deciding set is played to 15 points (not the usual 21) with a minimum lead of two points.
- A team winning a rally scores a point - The Rally Point System.
- The serving player must be alternated every time there is a change in possession.
- There are NO determined positions on the court.
- Two players can touch the ball at the same time, but when two teammates do, it counts as two hits (except if blocking).
- If there is a "held ball" by two opponents over the net it is not considered a fault.
- A player may enter the opponent's court provided they don't interfere with the opponent's play.
- A player cannot catch or throw the ball.

+ BEACH VOLLEYBALL COURT LAYOUT, COMPETITION FORMATS, RULES & RULE CHANGES

2012

The FIVB amends its regulations for uniform choices for female players, giving athletes three extra choices. Players can wear shorts of a maximum length of 3cm above the knee with sleeved or sleeveless tops or a full body suit. This is to respect the customs and/or religious beliefs of countries. Previously there were two uniform choices for female players, a one-piece bathing suit or a bikini with a maximum side width of 7cm. A full body suit could also be used under the bikini in cold weather.

2013

- The FIVB includes a new championship to the age group tournaments – the Under 23 Volleyball and Beach Volleyball Championships – in order to reduce the gap between age group and senior level volleyball.
- The Beach Volleyball World Cup Final brings to a close the incredibly successful first FIVB Beach Volleyball World Continental Cup cycle, featuring the Continental champions and countries who qualified teams for the Olympic Games.
- In a new and enhanced World Tour, Grand Slams are clearly established as the core events while the number of Open events is expanded for the year, giving teams more opportunities to participate.

2014

A total of 55 countries participated in the 2014 FIVB World Tour with a record US\$9,600,000 paid out to the athletes in 2014, who participated in a total of 10 Grand Slams and nine Open events, including seven double gender and two single gender Opens. The 2014 FIVB World Tour was a success with fans, with spectator numbers rising in 2014.

There was also a strong growth in the number of participating athletes, with the development of beach volleyball reflected by the number of countries present at the top of the men's and women's world rankings. The new world ranking system helped National Federations better manage athletes and national teams, while technological innovations saw the introduction of live scoring.

The Opens provided new opportunities for athletes to compete at a continental level. Opportunities to compete were also offered by age-group world championships in the U23, U21, U19 and U17 categories. The night matches at the U21 World Championships in Larnaka proving particularly popular with fans.

As many as 52 countries participated in the beach volleyball tournament at the Nanjing Youth Olympic Games and the FIVB announced that 198 National Federations would participate in the 2014-16 Continental Cup ahead of the Rio Olympic Games.

2015

The FIVB Beach Volleyball World Championships The Netherlands 2015 was the highlight of the year. The tournament took place across four cities (The Hague, Amsterdam, Apeldoorn and Rotterdam) in four iconic locations with over 100,000

fans taking in the 208 matches across 10 days of outstanding competition. In total, the World Championships celebrated over eight million minutes watched online and reached over 25 million people on social media.

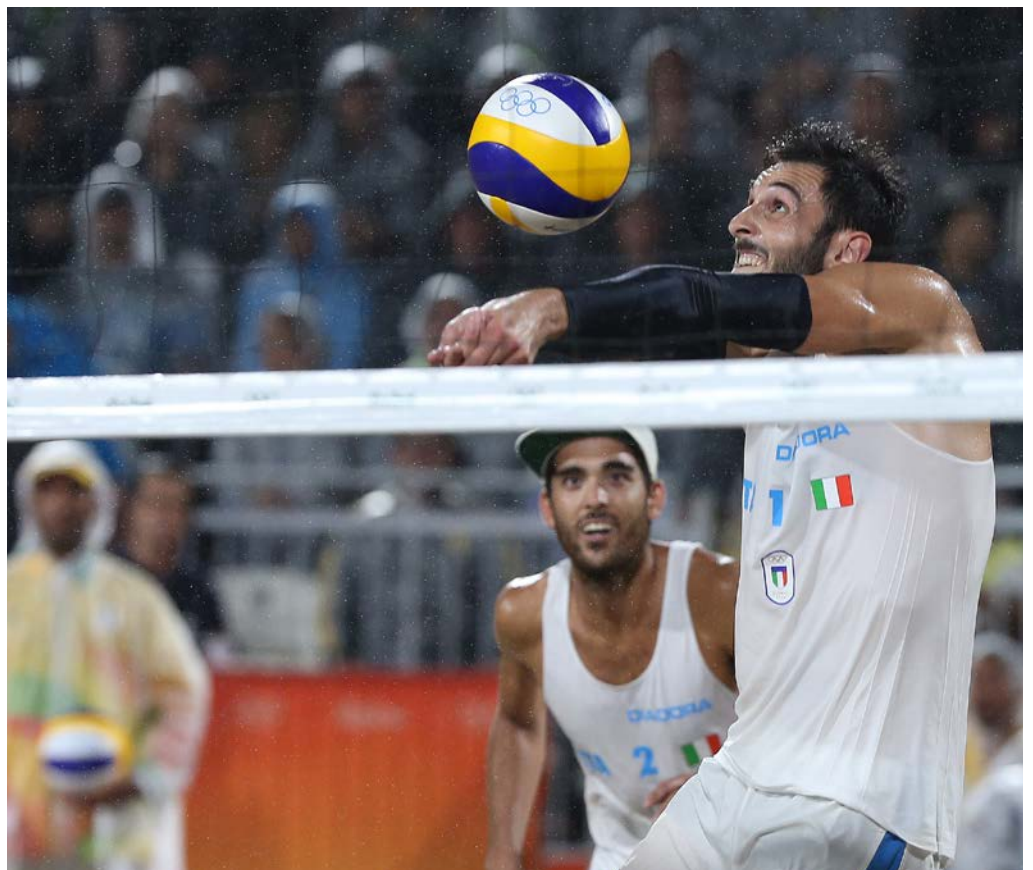

The year 2015 also saw the introduction of the first ever Swatch Beach Volleyball FIVB World Tour Finals in Fort Lauderdale, crowning an ultimate champion for the year with prize money totalling \$1 million for both genders. A total of five FIVB Grand Slams, the new Swatch FIVB Major Series of three events, six FIVB Opens and the Swatch FIVB World Tour Season Final held in Fort Lauderdale in United States took place during the FIVB Beach Volleyball World Tour 2015 season.

The FIVB also took a huge leap forward in terms of innovation after the challenge system was introduced at the World Championships. Covering five possible scenarios (whether a shot is on or out, whether a player or ball hit the antenna on the net, whether or not a player touched the net, whether or not a player touched the ball (also to determine four contacts on a play), and foot faults) it further emphasized the organisation's efforts to create transparency on the court.

2016

The Rio 2016 Olympic Games in Brazil was the clear highlight of the year. The second annual Swatch FIVB World Tour Finals in Toronto, Canada and the finalization of the qualification of teams for the Olympics through the FIVB World Tour and the FIVB Continental Cup competition were major highlights as well as the Swatch Major portion of the FIVB World Tour.

The 2016 FIVB Beach Volleyball World Tour calendar featured US\$8.625 million in prize money, four FIVB Grand Slams, four Swatch FIVB Major Series, the Swatch FIVB Beach Volleyball World Tour Finals, the Continental Cup Finals, the Rio de Janeiro Olympic Games, and 13 FIVB Open events. The age-group FIVB World Championships held in 2016 were the U19 and the U21 events.

MEN'S TOURNAMENT CONSECUTIVE STREAKS - The most consecutive tournaments won by a men's team was six by José Loiola/Emanuel Rego of Brazil (1999, Norway, Italy, France, Austria, Portugal and Belgium). Brazil won 11-straight men's titles once and 10-in-a-row once.

WOMEN'S TOURNAMENT CONSECUTIVE STREAKS - The most consecutive tournaments won by a women's team is seven by Sandra Pires/Jackie Silva of Brazil (1996, Rio, Maceió, Recife, Hermosa, Atlanta Olympics, Espinho and Ostende). The Ostende event was staged the same weekend as another "open" event in Osaka where Natalie Cook and Kerri Pottharst of Australia won the title. Misty May-Treanor and Kerri Walsh Jennings of the United States won seven-straight titles in events they entered (2003 and 2004, but they did not compete in six events during the streak). Holly McPeak and Nancy Reno of the United States won six-straight events together in 1996. Adriana Behar and Shelda Bede of Brazil won five-straight events (1998 and 1999). The most consecutive women's events won by a country are eight by the United States (1996) and seven twice by Brazil.

WOMEN'S MATCH WINNING STREAK - Americans Misty May-Treanor and Kerri Walsh Jennings hold the team record for consecutive victories with 74-straight wins, including their last seven triumphs at the Beijing 2008 Olympic Games. After losing in the semifinals to Jia Tian and Jie Wang of China (21-19, 21-19) at the 2007 Norwegian Grand Slam, May-Treanor and Walsh Jennings started the winning streak with a bronze medal win in Stavanger over Germany's Sara Goller and Laura Ludwig. The Americans finished the 2007 season with 41-straight wins featuring gold medal successes in Canada, Germany, Switzerland (World Championships), Austria, Brazil and Thailand. May-Treanor and Walsh Jennings posted a 28-0 record in 2008 by claiming gold medals at FIVB events in Germany, France, Norway and Beijing. May-Treanor competed and was injured while practicing for a television dance show in the United States and missed the entire 2009 season. Walsh Jennings also missed all of 2009 and all but two events at the end of the 2010 season, which she played with Nicole Branagh, to give birth to her two children, Joseph and Sundance. The pair reunited for the 2011 season and won their first five matches at the season-opening Brasília Open before losing in the gold medal match to Brazilians Juliana Felisberta Silva and Larissa França 21-16, 15-21, 15-12. The streak spanned twelve events but lasted from June 30, 2007 through April 22, 2011, a span of 3 years, 9 months, and 22 days. While May-Treanor was recuperating from her injury, Walsh Jennings extended her personal winning streak to 78 by capturing an October 2008 title in the United Arab Emirates (six matches) and winning the first three matches of the October 2010 Sanya event, both with Nicole Branagh. Her streak was snapped on October 30, 2010 in round four of the winner's bracket by Goller and Ludwig (21-14, 14-21, 15-7), the same team she and May-Treanor beat in 2007 to start the streak. May-Treanor extended her own personal streak to 71 by winning her first two matches of the 2010 season in Brasília with Nicole Branagh while Walsh Jennings was recuperating from childbirth. They lost on April 22nd in the third round of the winner's bracket to Goller and Ludwig, 16-21, 21-17, 15-12.

*No team won four or more gold medals

MISCELLANEOUS

+ BEACH VOLLEYBALL TERMS

BEACH VOLLEYBALL TERMS

- **Ace (Pure)** - A served ball that lands within the playing boundaries, which is untouched by the receiving team and scores a point.
- **Ace (Statistical)** - A served ball that a player on the receiving team cannot handle or pass cleanly.
- **Antennae** - A flexible rod, 1.8 meter in length, placed vertically above the outer edge of the sidelines to mark the outer limit of the crossing space. The antennae are placed on opposite sides of the net. The ball must cross the net completely between the 2 antennae to be considered “in”. Contrasting 10 centimeters colored strips are used to 80 centimeters height above net. The ball is ruled out if it makes contact with the antennae when in play.
- **Attack hit** - The action of directing the ball into the opponents’ court. Serving is not considered an attack hit. Considered completed when the ball completely crosses the vertical plane of the net or touches a block.
- **Ball mark** - The disturbance or movement of the sand created on the court surface by the contact of the ball with the sand. This mark may be checked to determine if the ball is “in” or “out”.
- **Ball mark protocol** - A procedure initiated by the 1st referee for establishing whether the ball has landed in or out of the court.
- **Between rallies** - The time between the whistle to end the completion of a rally and the whistle to authorize the service to start the next rally. Under normal circumstances this is a maximum of 12 seconds.
- **Block** - An attempt by a player or players to interrupt the ball before, as or just after it crosses the net.
- **Bump (Pass)** - Technique of playing ball using forearms, hands together, to direct the ball.
- **Bump (Set)** - A forearm pass used as a set.
- **Carry** - A fault called if the ball comes to rest in the course of contact by one player.
- **Coin toss** - The action of the 1st referee prior to the match where he or she requests the captains of each team to come to an area in front of the scorer’s table. This process determines the team to serve the starting side of the court for each team and player service orders.
- **Contacted ball** - A contacted ball is one that touches or is touched by any part of a player’s body or clothing.
- **Court** - The playing surface divided into two equal areas by a net. In its official form, volleyball is played on a rectangular court 16 meters (52 feet, 5.921 inches) long and 8 meters (26 feet, 2.841 inches) wide.
- **Court lines (boundary lines)** - These lines delimit the playing area. They are made of resistant material, contrast in color to the sand and are 5-8 centimeters wide. The ball must physically contact the line to be considered as “in”.
- **Court switches (side changes)** - The interval in which the teams change their sides of the playing court. Occurs every 7 points (Sets 1 and 2) and 5 points (3rd Set).
- **Coverage** - Most often refers to a backing up a partner’s hit when the block is up and the ball comes glancing back.
- **Cross court/Cut shot** - An offensive hit in which a player, instead of hitting with power, slices the ball just over and nearly parallel to the net.
- **Default** - Where a team is unable to commence the match legally with its players. It forfeits the match and gains no points.
- **Diagonals (Long/Short)** - The distance diagonally across the corners of the rectangular shaped 16 meters (52 feet, 5.921 inches) x 8 meters (26 feet, 2.841 inches) playing court (long) or across from one corner to the corner immediately under the net (short) of one side of the playing court (8 meters, 26 feet, 2.841 inches) x 8 meters, 26 feet, 2.841 inches).
- **Dig (Save)** - Ball brought up (saved) with any part of body, particularly from a spike attempt.
- **Dink** - Ball played just over net or blocker’s hands, instead of spiking and is legal as long as it is not with open fingers.
- **Extension of sideline** - The imaginary line extended from the two sidelines in a straight line from the corners until the edge of the free zone. A service must be completed from within the area delimited by these imaginary lines.
- **Floater** - A serve that follows an uneven trajectory (“floats”) over the net.
- **Foot faults** - The illegal action of a player, who at the time of serving or jumping to serve, contacts the line has their foot under the line, or their foot, contacts the playing court.
